Importance: High

Hi Rashmi,

I have received a February 1, publication date for the clothianidin NOR. This action requires a 15-day public comment period on the specific exemption application and recertification for emergency use of Belay Insecticide (clothianidin) on Florida citrus.

Thanks,

Stacey

Rashmi,

Good morning!

The clothianidin NOR is prepping for publication. I just received notice this morning that I will be informed once the FR publishes. As soon as I receive the date, I will let you know.

Thanks,

Stacey

I hope you are staying well. I was just wondering about the Notice of Receipt in Federal register. We have not seen anything yet and would appreciate if you can provide little update. Thanks.

Hi Rashmi,

Please see the regulation below that triggers a Notice of Receipt; Solicitation of Public Comment on your specific exemption application/recertification application that is published in the Federal Register and has a 15-day public comment period from the date of publication.

§166.24 Public notice of receipt of application and opportunity for public comment.

(a) Publication requirement. The Administrator shall issue a notice of receipt in the Federal Register for a specific, quarantine, or public health exemption and request public comment when any one of the following criteria is met:

(7) The application proposes use of a pesticide for a specific or public health exemption, if:

(i) An emergency exemption has been requested or approved for that use in any 3 previous years, or any 5 previous years if the use is supported by the IR-4 program, and

(ii) A complete application for registration of that use and/or a petition for tolerance for residues in or on the commodity has not been submitted to the Agency.
